Texas Remote Online Notarization (RON) Pricing Guide

Maximum Texas statutory fees - per completed online notarization

How the fee works: Texas permits an online notary to $25 for each online notarization, in addition to the regular notarial fee authorized by Texas Government Code §406.024. For a typical acknowledgment of one signature, that is $25 + $10 = $35.

Completed Online Notarizations	RON Fee	Regular Notary Fee*	Maximum Total
1 notarization	$25	$10	**$35**
2 notarizations	$50	$20	**$70**
3 notarizations	$75	$30	**$105**
4 notarizations	$100	$40	**$140**
5 notarizations	$125	$50	**$175**
6 notarizations	$150	$60	**$210**
7 notarizations	$175	$70	**$245**
8 notarizations	$200	$80	**$280**
9 notarizations	$225	$90	**$315**
10 notarizations	$250	$100	**$350**

Multiple signers on the same certificate

Two signers named in the same notarial certificate: $25 RON fee + $10 first signature + $1 additional signature = $36 maximum.

Two signers with separate notarial certificates: ($25 + $10) + ($25 + $10) = $70 maximum.

Important: The $25 fee is not simply a per-session charge. The Texas Secretary of State describes it as a $25 for each notarization performed. Count the actual notarial acts/certificates rather than assuming every document or every video session has only one fee.

**Regular notary fee shown above assumes a typical acknowledgment/notarial act with one signature at the current $10 maximum. Different acts or multiple signatures within the same certificate may calculate differently under §406.024.*

Authority: Texas Government Code §§406.024 and 406.111; Texas Secretary of State, Online Notary Public Educational Information.

I AM NOT AN ATTORNEY LICENSED TO PRACTICE LAW IN TEXAS AND MAY NOT GIVE LEGAL ADVICE OR ACCEPT FEES FOR LEGAL ADVICE.
